Aqueduct's Starting Record
of Successful First
Choices.

O'LEARY'S GOOD WORK.

Only His Intense Patience En-
abled Don De Oro to
Beat Dr. Catlett.

By Francis Trevelyan.

Since the current month opened Aqueduct has been doing some record breaking in the way of producing winning favorites. Out of eighteen races sixteen have been won by first choices, and yesterday the favorites made a clean sweep of the card. The best part of this was that there was nothing suspicious about this chain of successes. The best horses won, and not even the chronically disconcerted layer could reasonably complain that the races were not run on their merits.

With the solitary exception of Ordeal, who completely outclassed the other maiden two-year-olds he was meeting, the winners had to do their level best. On such a display of judgment and patience as would have been astonishing in him a few months ago, did O'Leary get Don De Oro home in front of Dr. Catlett.

This was in the last race. Don De Oro and his opponent were probably the best of the class. The race was a long one, and it took a long time to get to the end of the race. The race was a long one, and it took a long time to get to the end of the race. The race was a long one, and it took a long time to get to the end of the race.

Don De Oro was the popular choice, and was well backed by the stable, which had just pulled off a race with Ordeal. Mr. J. W. Colt, the new owner of Dr. Catlett, had a big commission on his horse, and though he was not present, and the pair closed at even money against each other, Dr. Catlett and Betty Rose were, of course, neglected in such good company.

O'Leary took Don De Oro to the front from the fall of the flag, with Dr. Catlett in pursuit. The further they went the further the other pair were tailed off. On the turnout of the back stretch Jones began to move upon Dr. Catlett, and by the head stretch of the home stretch the backstretch of that horse thought that they would catch their bet. The feeling grew to a point of certainty when about the furling pole Dr. Catlett drew ahead by a good neck. O'Leary knew what he was doing, however, and when he sat down and began to ride with hand and heel, never offering to raise his whip, Don De Oro responded, and running reasonably fast, won by a head amid a hurricane of applause.

The time of the race was 1:47.25 for the mile and a sixteenth, very good in the track, but the real point of the race was O'Leary's jockeyship. Only his forbearance won the race, and proved positively, if any one had doubted it, that Don De Oro runs better without a whip.

O'Leary also won on Ordeal a 1 to 1 shot, in a race of twelve maidens. He made the race as much of a certainty as a sure thing, setting away well from a ball race and forcing the pace. The result was that Ordeal was back-lumping.

Clawson also rode two winners, Lady Lindsey scored on all real opposition in the third race, and was a good deal of a favorite. She won, but not in a style befitting the price, as she had a bit to spare she could not have failed to be beaten. Charentus gave Clawson his other winning mount, and was a good deal of a favorite. THE NEW BOAT PROGRESSING.

Bristol, R. I., Nov. 3.—The first step in the construction of the new cup defender was taken to-day simultaneously with the arrival of the old champion of 1888 on her speedy run from New York to the Herreshoff works. H. P. Whitman, who officiated at the laying down of Defender three years ago, began the work of laying out the new flyer on the scribbling board in the construction shop, assisted by Captain Nathaniel G. Herreshoff, the world-famous designer. C. Oliver Iselin and the friends who came with him on Defender this morning were interested spectators.

Early this afternoon Mr. Whitman laid out plans for the big lead bulb in keel, which will contain a few wrinkles Captain Nat's has seen in no other racer. The new keel will be far heavier and more graceful than Defender's, and it is expected to add minutes to the American champion's speed when going before the wind.

On his last visit to the Herreshoff works Mr. Iselin selected the model Designer Nathaniel G. Herreshoff had prepared for him, and nothing remained but to start work on the new yacht, the contract having been signed September 28 last, as announced exclusively in the Journal at the time.

After finishing work on keel plans Mr. Whitman devoted his attention to the bow of the new boat. No reliable information can be obtained as to the exact shape of this important feature, but it is understood that her forefoot will be sharper and more graceful than Defender's forward line.

The old champion arrived at 9:40 this morning, after sixteen hours from New Rochelle, remarkably fine time. The trip was uneventful, a strong southeasterly breeze pushing Defender along at a snail's pace, and by the head stretch of the home stretch the backstretch of that horse thought that they would catch their bet. The feeling grew to a point of certainty when about the furling pole Dr. Catlett drew ahead by a good neck. O'Leary knew what he was doing, however, and when he sat down and began to ride with hand and heel, never offering to raise his whip, Don De Oro responded, and running reasonably fast, won by a head amid a hurricane of applause.

STAR POINTER, CHAMPION PACER, WHO HOLDS HARNESS RECORD FOR MILE, WILL BE SOLD AFTER HORSE SHOW.

(Photographed especially for the Journal.)

Star Pointer, the world's champion harness horse, the only horse that has yet trotted or paced a mile faster than two minutes, is to be sold. James A. Murphy, of Chicago, who paid \$15,000 for him in March, 1897, has tired of owning so valuable a piece of horse flesh, game sportsman though he is, and is therefore nine years old. He comes from the great Tennessee Pointers. He is by Brown Hal (son of Gibson's Tom Hal), out of the famous mare Sweepstakes, by Kulgriff's Snow Heels. Sweepstakes also produced Hal Pointer, 2:04 1/2, for many years the greatest harness racehorse in the world.

Star Pointer's great feat, when he lowered the pacing record to 1:59 1/4, was performed at Readville Park, near Boston, Mass., August 28, 1897. The performance was utterly unexpected, for the Readville track was not at its fastest. He was driven by McLeary, in a special trial against time, the existing record then being 2:00 1/4 for a mile. The fractional times were: 0:30, 0:50 1/2, 1:20, 1:50 1/4.

Star Pointer is a bay stallion of magnificent development and solid color with the exception of the peculiar white mark which gave him his name. He inherits all the characteristics of the Pointer family that called attention to this Tennessee breed not long after the Civil War. Strong shouldered, heavy crested, virily-legged, sure-footed horses, intelligent and kind, they have all shown a remarkable ability to stay long distances at high speed.

TIGERS PLAY FIERCELY.

Princeton, N. J., Nov. 3.—Princeton's football practice was fiercer to-day than ever before. The Tigers succeeded in scoring once against the scrub in the first half in the face of the most determined resistance.

The second eleven has displayed full back. There is some talk to the effect that Ayres will be allowed to play of the team because of incomplete class work. People in authority say that he will be worth his money by the end of the week. Kaffer's work in the back field was perfect to-day, and in running back he displayed extraordinary agility and endurance. The dasher quarter back, entered the game to-day for the first time since he injured his ankle. Princeton's defense took a change for the better to-day.
